

Position: Radiologist

Location: Lahore (Breast Cancer Hospital – Pink Ribbon Pakistan)

Organization: Pink Ribbon Pakistan

Apply at: hr@pinkribbon.org.pk

Pink Ribbon Pakistan is Pakistan's first and only dedicated breast cancer organization, working to reduce breast cancer mortality through awareness, early detection, and access to treatment. We are looking for a **qualified Radiologist** to join our Breast Cancer Hospital and play a vital role in life-saving diagnostics.

Key Responsibilities:

- Perform and interpret diagnostic imaging procedures including **mammograms, ultrasounds, and other relevant scans.**
- Provide accurate and timely reporting to assist in early detection and treatment planning.
- Work closely with oncologists, surgeons, and the medical team to ensure integrated patient care.
- Maintain patient records and ensure imaging equipment is properly used and maintained.
- Contribute to the development of imaging protocols and quality standards.

Requirements:

- MBBS with FCPS or equivalent qualification in Radiology.
- Valid registration with PMDC.
- Minimum 3–5 years of post-specialization experience (breast imaging experience preferred).
- Sound knowledge of radiological procedures, especially related to breast imaging.
- Compassionate attitude and commitment to patient welfare.
- Willingness to work in a mission-driven nonprofit healthcare environment.

What We Offer:

- Opportunity to serve a noble cause and save lives through early detection.
- State-of-the-art diagnostic facility and professional working environment.
- Competitive salary package and learning opportunities.

If you are committed to women's health and want to make a difference through your expertise, **email your CV and cover letter to hr@pinkribbon.org.pk** with the subject line **"Application – Radiologist"**.
